OIL CREEK & ALLEGHENY RIVER RAILWAY,
MONDAY, AUGUST 30th, 1868.

Northward Trains.

Leave Pet. Centre 8:35 A. M., via Corry 9:30 A. M.

& 10:30 A. M., via Meadville, 1:30 P. M.

Arrive at Oil City 3:30 P. M.

This Train will stop 20 minutes for dinner.

The Good Templars will hold their first

meeting in their new hall to-night.

Oxford beat the Harvards on the 27th in

the International boat race, by three lengths

and six seconds time. Time of race, 22

minutes 101 seconds.

Rattlesnakes are abundant in the neighbor-

hood of Titusville and Titusville. They

make their nests under the residences of

the citizens, and luxuriate in their gardens.

Touching obituary notice in a Chicago

paper: Amos Skeeter, a well known resi-

dent of this city, and a fine singer, was in-

stantly killed at the Tremont House last

night, by a stranger who became angry at

his extraction. He leaves a large family.

Blind Tom has a rival in Omaha. They

have a ten year old there, blind from birth,

who plays several instruments, and is a

most popular singer.

The Franklin Spectator says that on Mon-

day evening last a 174448 tank fell into

a tank of oil near the Atlantic and Great

Western depot, at this place. He was on

top of the tank examining a pipe, and

slipped from the board he was standing on,

and fell into oil up to his chin. He was

helped out of this uncomfortable and dan-

gerous bath by a person standing near at

the time. -

APPOINTED.—Dr. R. Colvert has been ap-

pointed Postmaster at this place,

vice F. W. Hays. The Doctor will no

do doubt make an efficient and acceptable offi-

cer. Mr. Hays, his predecessor, has made

many warm friends here during his official

relations with our citizens, and has always

been most anxious to be agreeable in the

discharge of his duties, and has sustained

the well-meant expectation of being a

prompt and efficient officer. —Oil City Times.

The Franklin Court has disposed of the

bill of lading: William Stewart charged

with committing a rape upon the person of

Miss Bedoe, of Cherrytree Run, which hap-

pened about a year ago, was found guilty,

and has been sentenced to imprisonment

for a term of seven years. Eugene Thur-

bier, arrested for robbery about the last of

June, guilty. One Bennett, arrested at

Pleasantville, for stealing three watches,

guilty. Burns, arrested at Oil City for

burglary, guilty. Several persons were

arrested for selling liquor without license.

Edward Spencer, for assault and battery with

intent to kill, was sentenced to a term of

twelve years in the Western Penitentiary.

Mark Twain has a suggestion to make to

the New York Sun in the matter of President

making. It is this: If this thing goes on,

the New York Sun will have to be dubbed

the 'Mother of the Presidents,' and thus a

great wrong will be done one of the most

venerable and deserving of the States. Pray

let this fearful fecundity in future Presi-

dents cease; for there is no telling but the

Sun may have twins, next. At least, and

for the sake of common humanity, let one

cub get old enough to amuse himself with

gum rings and rattles before a fresh one is

born."

Important to Oil Producers.
The Secretary of the Petroleum Producers' Association has issued the following circular letter to gentlemen in the several districts of the oil regions:

OFFICE OF THE SECRETARY,
THE PETROLEUM PRODUCERS' ASSOCIATION,
RENO, PA., August 25, 1868.

Dear Sir: The manager of the Petroleum Producers' Association, at their meeting held this day, resolved to commence at once the preparation of monthly reports of the production of petroleum, to facilitate this work, and insure accuracy, the several producing regions will be divided into five districts, each of which will be entitled to representation in the Board of Managers by members of the association to be selected at the annual meeting in September. To these representatives will be entrusted hereafter the duty of securing the statistics of production in their respective districts and reporting them promptly at the meeting of each month to the Secretary of the Association.

It will be necessary that oil producers co-operate in this movement by carefully taking account of oil on hand at their wells on the last calendar day in each month, and keep an accurate account of deliveries of oil from the wells during the month and reporting them when required to the representatives of the association. Preparatory to securing a report for September, and in anticipation of the election of members of the Board next month upon whom the work will devolve, I take the liberty of asking you, to see that in careful account of the amount of oil on hand at the wells on Tuesday, the 31st inst., be taken by the several producing interests in District No. — comprising —

Blackburn for making reports will be furnished during the month.

It is hoped that a regard for the common interests will lead all producers to co-operate heartily with the Association in this effort.

C. V. CULVER.

See Petroleum Producers' Association.

A female abortionist in Spiliyan, in Hun-

gary, confessed the other day that she had

killed in the course of a few years two hun-

dred and thirteen infants; that she had per-

formed abortions for fifteen years past, and

had always had a very large number of cus-

tomers. The name of the old harridan is

Fabri; she is sixty years of age. Some time

since her own son had to threaten that he

would shoot her in order to prevent her

from murdering his baby. The lady who

accidentally discovered the misdeeds of the

old abortionist had to flee from the neigh-

borhood where she had been living, inasmuch

as relatives of women of whom abor-

tion had been performed threatened to kill

her.

Everybody should have a bottle of the

Great Yosemite Bitters.

If you want a bottle of old brandy, the

Simon pure article, go to Gaffney's.

A gentleman of St. Louis recently received

a letter from Chief Justice Chase, in

which he says: "I am out of all future po-

litical contests, and hence need be jealous of

me hereafter."

FRESH confectionery received every day

at the hotel and at J. W. BEATTIE.

Aug 24th, 1868.

Don't forget the change of time on the

O. C. & A. R. R. The noon train will re-

main here half an hour for dinner, which

will give travelers ample time. The Rock-

ester House is but a step from the depot,

and passengers can have plenty of time to

go there and get dinner and return before

the train leaves. The bar is furnished with

the best wine and liquors.

BRADSTREET & SHERWOOD.

A convict in the Maryland penitentiary,

named Twitchell, is said to have taken his

property amounting to about \$80,000 by

the death of his aunt in the State of Ohio.

He was sent to jail two years ago for cattle

stealing. He is nearly sixty years of age.

Efforts are being made to secure his pardon.

OWEN GAFFNEY.

The Clearfield Journal says that ores rich

in copper and zinc are from time to time

brought to that town by persons who say

they are found along Clearfield creek, but,

with an air of great mystery, they decline

to tell the exact locality. Such conduct is

foolish in the extreme. If there really are

valuable minerals on Clearfield creek in

sufficient quantity to be worked profitably,

it is a matter of importance to the whole

community that they should be developed.

Any man possessing such information and
